CURRENT POSITION:

Suppleant Ordinary Professor – Professurvertreter (Faculty Member) Faculty of Philosophy
Albert-Ludwigs-Universität Freiburg.

AREAS OF SPECIALISATION:

Theoretical Philosophy, Phenomenology, Epistemology, Ontology, Complexity Theory, Sustainability.

AREAS OF COMPETENCE:

Continental Philosophy – French Philosophy

Transcendental Philosophy and German Idealism.

History of Philosophy and History of Ideas (Ancient, Modern and Contemporary Philosophy, History of *Mathesis universalis*).

History of Logic and History of Science (Philosophy of Nature, Modern Science, Foundational Crises of Sciences).

Aesthetics.

LANGUAGE SKILLS

Mother Tongue: Italian.

Advanced: German, English and French (as native).

Intermediate: Spanish and Portuguese.

Latin and Ancient Greek.

RESEARCH ACTIVITY

- Philosophy Center of the Lisbon University : Research Member.
- Director (from September 2011 to Mai 2013) of the Research Group “Science et philosophie” at the Institut Catholique de Paris.
- Associated Member of CREA, Paris.
- Member of the Center “Edouard Branly” for Media and Communication (Paris).

ASSOCIATIONS

- Partnership (editing, articles and reviews) from 2009 to 2012 with www.giornaledifilosofia.it
- Referee of *Studia Phaenomenologica*.
- Referee of Husserl Studies
- Editorial Board of *Aisthesis* (SCOPUS referenced international review)
- Member of WCSA [World Complexity Science Academy].
- Collaboration with “Istituto Matteo Ricci per le relazioni con l’Oriente” [Matteo Ricci Institute for Relations with the East].

EDUCATION, FELLOWSHIPS AND APPOINTMENTS

2017

Qualification as Full Professor from the Italian Ministry for Research and Education

Class 11/C1: Theoretical Philosophy.

2016

Qualification as Full Professor from the French Ministry for Research and Education

Class 17 (CNU): Philosophy

Class 72 (CNU): Epistemology and history of sciences and techniques.

2015

Habilitation, Philosophisches Seminar, Albert-Ludwigs-Universität Freiburg i.B.

Habilitation Thesis: Die Formen der *Mathesis universalis*. Logische und phenomenologische Untersuchungen.

Lectio: Die Perspektive und die Räumlichkeit der Moderne. Die Italienische Malerei und die Öffnung einer neuen Form der Erfahrung

2012-2015

Habilitationkandidat und Lecturer at the Albert-Ludwigs-Universität Freiburg (Habilitation February 10, 2015).

2010-2012

Alexander von Humboldt Fellow, Albert-Ludwigs-Universität Freiburg i.B. (Husserl-Archiv)

2006-2009

Post-Doctoral Research at the University of Paris, La Sorbonne (Paris IV), and Archives Husserl de Paris (Ecole Normale Supérieure, CNRS, UMR 8547)

Research topic : *The Phenomenological Concept of Horizon and Sensory Field*
Supervisors: Prof. J.-F. Courtine and Prof. J. Benoist.

2002-2006

Ph. D. in History of Philosophy, University of Macerata (March, 24, 2006) and University of Paris IV.

Title of Thesis: “*La ‘schematische Darstellung’ in Kant. Dalla teoria dello schema al linguaggio*”
(*Kant’s ‘Schematic Presentation’: From Schema-Theory to Language*)

2001-2002

Research Fellow at the Italian Institute for Historical Studies, Naples

Research Topic: *The Theory of space-time by Kant*

2001

B.A in Philosophy, obtained at the University of Rome, La Sapienza with the grade of 110/110, *cum laude*.

Thesis title: *Facoltà di giudizio e analogia. Il problema della terza critica kantiana* (Capacity of Judgment and Analogy: The Problem of the Third Kantian Critique).

1996

Diploma in Classical Studies (‘Maturità Classica’) at the Classical High School “F. Stelluti” of Fabriano.

GRANTS AND FELLOWSHIPS

2017 (SEPTEMBER – OCTOBER)

Research Fellowship – Catholic University of Mailand

Research Topic: From Aesthetic to Symbolic Structures and back: the virtuous circle between Art and Science.

SS 2017

Teaching Fellowship – University College of Freiburg (Faszination Wissenschaft)

2016 (SEPTEMBER – OCTOBER)

Research Fellowship – University of Florence

Research Topic: Aesthetic Experience - Cognitive and Phenomenological Approaches.

WS 2015/2016

Research Senior Fellowship – IMERA (Institute for Advanced Study Aix-Marseille.
Mediterranean Exploratory of Interdisciplinarity) – Centre Gilles-Gaston Granger

Research Topic: Ontology, Meta-ontology and (logical) construction of the world. A new structuralist approach to the idea of “Theory”.

WS 2015/2016

Teaching Fellowship – University College of Freiburg (Liberal Art and Sciences)

SS 2015

Teaching Fellowship – University College of Freiburg (Faszination Wissenschaft)

SS 2013

DFG-Visiting Fellowship at the Albert-Ludwig-Universität Freiburg, Graduiertenkolleg 1288.

Research Topic: Phenomenology of Friendship between Husserl and Derrida.

2010-2012

Alexander von Humboldt Foundation Fellowship.

Research Topic: The phenomenological Concept of Horizon.

2006-2007

Post-doc Fellowship from the University of Rome, La Sapienza – University of Paris IV

Research Topic: Husserl's Concept of Horizon and Subjectivity Theory.

2002-2005

Ph.D Fellowship from the University of Macerata (Italy)

2001-2002

Graduate Fellowship from the Istituto Italiano di Studi Storici "B. Croce"

HONORS

International Prize "Fondazione Valitutti", Salerno, Italy, for the Best First Work, 2006.

TEACHING ACTIVITIES

Detailed presentations below :

https://www.academia.edu/10859660/Teaching_Activities

Vorlesung = Lecture; Hauptseminar (HS) = PhD & M.A. Course; Interpretationskurs = M.A. & B.A Course.

2019

Professor for Theoretical Philosophy – Epistemology – Modern and Contemporary Philosophy, Freiburg University:

- *Physis* – Natur: Komplexität und Nachhaltigkeit (Vorlesung)
- Die Dynamik des Logos (Hauptseminar)
- *Meta-*: Formen des Hinausgehens (Hauptseminar)

- Die Welt und die Phänomene (Kanonlektüre/Forschungskolloquium)
- Kant Critique of pure reason (Interpretationskurs)

2018/19

Professor for Theoretical Philosophy – Epistemology – Modern and Contemporary Philosophy,
Freiburg University:

- *Theôria*. Der Mensch und sein Wissen (Vorlesung)
- Formal Logic (Vorlesung)
- Kant Critique of pure reason (Interpretationskurs)
- Phenomenology (Kanonlektüre)
- Husserls Cartesianische Meditationen (Hauptseminar)

2018

Professor for Theoretical Philosophy – Epistemology – Modern and Contemporary Philosophy,
Freiburg University:

- *Mathesis universalis*. Die Suche nach dem universalen Wissen und das speculative Denken (Vorlesung)
- Kant Critique of pure reason (Interpretationskurs)
- Die Wissenschaft und die Phänomene (Hauptseminar)
- Erkenntnistheorie (Hauptseminar)

2017/18

Professor for Theoretical Philosophy – Epistemology – Modern and Contemporary Philosophy,
Freiburg University:

- Kultur und *epistémê*. Einleitung in der theoretischen Philosophie II (Vorlesung)
- Kant Critique of pure reason (Interpretationskurs)
- Deskriptive und spekulative Phänomenologie (Hauptseminar)
- Cassirers Philosophie der symbolischen Formen (Hauptseminar)

2017

Professor for Theoretical Philosophy – Epistemology – Modern and Contemporary Philosophy,
Freiburg University:

- Einleitung in der theoretischen Philosophie II (Vorlesung)
- Descartes' *Meditationes de prima philosophia* (Interpretationskurs)
- Sein und Wirklichkeit – Metaontologie und Metametaphysik (Hauptseminar)

- Komplexitätstheorie (Advanced Course in Epistemology – University College of Freiburg)

2016/2017

Professor (Privat-docent) Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Einleitung in der theoretischen Philosophie I (Vorlesung)
- Descartes' *Meditationes de prima philosophia* (Interpretationskurs)
- Husserl und die Krisis (Hauptseminar)

Professor (Privat-docent) Theoretical Philosophy – Philosophy of Science, Koblenz-Landau University:

- Paradigmen des Wissens und Gesellschaft: Foucault und Kuhn (Hauptseminar)

2016

Professor (Privat-docent) Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Einleitung in der theoretischen Philosophie (Vorlesung).
- G.W. Leibniz. Leben und Lehre (HS).
- Die Dimension des Wissens (Forschungskolloquium).

2015/2016

Professor (Privat-docent) Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Sein, Struktur und Phänomene. Elemente eines phänomenologisch-ontologischen Strukturalismus.
- Space and spatiality in Modern Age. An interdisciplinary approach.

as Visiting Professor, IMERA – Aix-Marseille University – Theoretical Philosophy and Philosophy of Science, 2015/2016:

- From Theory to Metatheory. The search of First Philosophy and the Forms of Knowledge (M.A.-PhD Students)

2015

Professor (Privat-docent) Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Struktur und Dynamik des Wissens (Vorlesung)
- Sustainability Course (University College of Freiburg – Faszination Wissenschaft):
- Phänomenologie und Ontologie (HS)
- Logische Untersuchungen V-VI (IK)

2014/2015

Lecturer on Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Phänomenologie als erste Philosophie (HS)
- Logische Untersuchungen I-V (IK).

2014

Lecturer on Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Die Phänomenologie der Mathematik (HS)
- Die Phänomenologie als strenge Wissenschaft (PS)

2013/2014

Lecturer on Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Leibniz und Husserl (HS).

2013

Lecturer on Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Phänomenologie des Fragens (HS);
- Die Phänomenologie und die Wissenschaften (PS).

Lecturer on Philosophy of Science, Institut Catholique de Paris, Paris, II Semestre:

- Vérité et vérification en épistémologie [ML2].

2012/2013

Lecturer on Theoretical Philosophy – Modern and Contemporary Philosophy, Freiburg University:

- Neue Phänomenologie in Frankreich (HS);
- Die VI. Logische Untersuchung und die Idee einer transzendentalen Erkenntnistheorie (PS).

2012

Lecturer on Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Die Lebenswelt und die Wissenschaften. Genetische Analyse und Wissenschaftstheorie (HS).

Lecturer on Philosophy of Science, Institut Catholique de Paris, II Semestre:

- Les enjeux théoriques et philosophiques de la mécanique quantique : Werner Heisenberg [ML2].

2011/12

Lecturer on Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Metaontologie vom phänomenologischen Standpunkt (HS).

2011

Lecturer on Theoretical Philosophy – Philosophy of Science – Modern and Contemporary Philosophy, Freiburg University:

- Komplexitätstheorie und *Mathesis universalis*. Theoretische und erkenntnistheoretische Betrachtungen (HS).

2010/2011

Lecturer on Theoretical Philosophy – Modern and Contemporary Philosophy, Freiburg University, Wintersemester:

- Husserl Phänomenologie des Horizontes (HS).

2009/2010

Lecturer on History of Ideas (I), University of Versailles-St. Quentin:

- La Renaissance et la révolution scientifique (module I).
- La Renaissance et la révolution scientifique (module II).

CONFERENCES - INVITED TALKS

2019

- Complexity and Economics. The need for a new frame of thinking, ESSEC, Paris – Cemias, January 17 2019 [*].

2018

- L'idée d'une logique speculative, University of Strasbourg, December 11 2018 [*].
- *Mathesis universalis* heute, at the Conference "Husserl Heute", Albert-Ludwigs-Universität Freiburg, July 19-21 2018 [*].
- Die Idee einer spekulativen Phänomenologie, Albert-Ludwigs-Universität Freiburg, 12 July 2018.
- Nature, Linearity and Chaos. The Problem of Knowledge and the Idea of Nature in Contemporary Science, Rome, Pontificia Universitas Lateranensis, IRAF (International Research Area on Foundation of the Sciences), March, 7 2018 [*].
- Teleology and Self-organization : the Critique of Judgement and the Ontological Residue of Knowledge, University of Salerno, March 6 2018 [*].

2017

- ORGANISATION of the International Conference "*Mathesis*, Grund, Vernunft. Zur philosophischen und geistigen Identität Europas", Albert-Ludwigs-Universität Freiburg, Freiburg, November 8-11, 2017.
- Die mannigfache Bedeutung der Krise: von der *Mathesis universalis* zur Wissenschaft des Grundes, at the International Conference „*Mathesis*, Grund, Vernunft. Zur philosophischen und geistigen Identität Europas“, Albert-Ludwigs-Universität Freiburg, November 8-11, 2017.

- From Aesthetic to Symbolic Structures and back : the virtuous circle between Art and Science, at the Conference „The Aesthetic Mind : Perceptual Dynamics, Mimetic Practices, Human Theatricality“, University of Florence, October 26-28, 2017.
- Horizont und Mannigfaltigkeit. Zum Problem einer spekulativen Wissenschaftstheorie und Mathesis, at the Conference „Phänomenologie und Metaphysik (zu Ehren Lázló Tengelyis)“, Bergische Universität Wuppertal, Oktober 9-11, 2017.
- Sulla metafilosofia. Dalla domanda alla dimensione speculativa, at the Conference „META-FILOSOFIA. Pensare la filosofia tra attività e disciplina“, Padua University, September 20-22, 2017.
- Forms und Perspectives der *Mathesis universalis*, invited talk at the Conference « Computer Science, Mathematics and Philosophy : Proof Theory as Mathesis universalis », Humboldt Kolleg, Villa Vigoni (Como), Italy, 24-28 July 2017.
- Participation to the 20th International Summer School in Philosophy of Physics : Spacetime and Quantum Physics, Urbino, 10-13 July 2017.
- Penser la complexité et la pluridisciplinarité. Interrogation sur un changement de paradigme, invited speaker for the « Journée de clôture de la Chaire de la Complexité », ESSEC, Paris, 13 June 2017.
- Situationality and Complexity of Life. Phenomenological and Epistemological Approaches to Sustainability, at the final international Conference « Phenomenology and Ecology » of the Project « Life and Environment », Schloss Liblice, Prag, June 19-24, 2017.
- Complexité : approches philosophiques et épistémologiques [Complexity : philosophical and epistemological approaches], Université de Franche-Comté, Laboratoire « Logiques de l'agir », March 15, 2017.
- Structuralist Epistemology vs. Metaphysical Epistemology, Universitas Lateranensis, Rome, March 6, 2017.

2016

- ORGANISATION of the Conference “The Vision of Making”, Fabriano (supported by and co-organized with the Academia dei Lincei – Lincean Academy, Rome), October 14-15, 2016.

14/10: Francesco Stelluti e i Lincei. The Birth of Modern Science.

15/10: Changes in Science: Between two Paradigms.

- ORGANISATION of the Conference Series “STRUCTURES, MODELS AND WORLD”, Aix-Marseille University – Centre Gilles Gaston-Granger, from December 2015 to June 2016:

Chair and organization: Fausto Fraaisopi.

Speakers: F. Berto (Amsterdam, Philosophy); M. Esfeld (Lausanne, Philosophy of science); J. Benoist (Paris I, Philosophy); A. Barrau (Grenoble, Physics); M. Bitbol (CNRS, Physics and Philosophy); M. Gabriel (Bonn, Philosophy); C. Rovelli (Marseille, Physics); J.-L. Le Moigne (Aix, System Theory); G. Longo (CNRS, Mathematics – Biology); D. Lea (California, Climate Science), G. Crocco (Aix-Marseille), St. Ruphy (Grenoble).

- Les horizons de la pensée complexe: le défi épistémologique et la pensée spéculative, at the World Congress on Complex Thought, Paris, UNESCO, December 8-11, 2016.
- I-horizon. Horizontality of life as possible foundation of Human Rights?, Charles University of Prague, November 1-6, 2016.
- For a Phenomenology of Aesthetic Emotions. Horizon, Life-world and Cognitive Agency, at the International Conference, « Aesthetics of Emotions. Aesthetics and Cognitive Science », Milan, October 26-29, 2016.
- Die Aufgabe des spekulativen Denkens als Mathesis universalis. Metaontology und Metametaphysik [The Task of Speculative Thought. Metaontology and Metametaphysics], Bonn, Internationales Zentrum für Philosophie NRW, April 4, 2015.
- « Utiliser l'espace topologique comme modèle de l'être » (Merleau-Ponty) : Du perspectivisme au multiversum [« Let's use Topological Space as Model of Being » : From Perspectivism to Multiversum], Paris, ENS, February 11, 2016.
- Au-delà de la notion ontologique d'ordre [Beyond the ontological notion of order], at the Conference Complexité-désordre, Henry Poincaré Institute, Paris, January, 28-29, 2016.

2015

- The space of theories, Aix-Marseille University, November 5, 2015.
- Von Theorie zur Metatheorie. Die Suche nach der *proté épistémé* und das spekulative Denken [From Theory to Metatheory. The Quest of the *proté épistémé* and the speculative Thought], Toulouse – Five Lectures given at the Integration-Stage „Erasmus Mundus“ 2015 (in German), Toulouse, September 14-19, 2015:
 1. Die Theôria und das Spekulative in der Antike.
 2. Perspektive, Perspektivismus in der Neuzeit und vieldimensionalität der Erfahrung (Panofsky, Cassirer, Merleau-Ponty).
 3. Die Schau der Theorien. Die Strukturalität und die Dynamik des Wissens bei Foucault und Stegmüller.
 4. Metatheorie vom phänomenologisch-ontologischen Standpunkt.
 5. Die „topoi“ des Wissens und das Spekulative.

- Violdimensionalität der Lebenswelt und Komplexität der Lebensformen, im Rahmen der Tagung „Lebenswelt und Lebensform“ – Deutsche Gesellschaft für phänomenologische Forschung – Universität Koblenz-Landau, September 9-12, 2015.
- Die Perspektive und die Räumlichkeit der Moderne [Perspective and Spatiality in Modern Age], Albert-Ludwigs-Universität Freiburg, Philosophische Fakultät, Habitationskolloquium, February 10, 2015.

2014

- L'intentionnalité naturalisée: le seuil métathéorique entre phénoménologie et sciences cognitives [Naturalized intentionality as meta-theoretical threshold between Phenomenology and Cognitive Sciences], at the Conference, La naturalisation de la Phénoménologie 20 ans après, Strasbourg University, April 22-23, 2014.

2013

- Mysticism as boundaries of holism. The Aphasia of the Transcendental in the *Tractatus Logico-Philosophicus*, at the Conference, Radical Experiences. Faith and Reason in Nietzsche, Heidegger, and Wittgenstein, Radboud University Nijmegen, November 27-28, 2013.
- Surprise and emergence in Science. A phenomenological approach to epistemology of scientific experiments, at the Conference La surprise à la croisée de la phénoménologie, de la psychiatrie et de la pragmatique - Colloque pluridisciplinaire dans le cadre de l'ANR EMPHILINE-EMCO (Archives-Husserl, ENS/CNRS), Rouen University, March 21-22, 2013.
- Reality of theories and models. Towards an epistemic and meta-theoretical Realism, International Conference "The Phenomenology of Thinking", Heidelberg University, February 28 - March 3, 2013.

2012

- Complessità e realismo [Complexity and Realism], Rome, Accademia Nazionale dei Lincei, November 19-20, 2012.
- La simplexité ou "ce que les modèles n'arrivent pas à saisir" [Simplexity or "what models can't fix up"], Paris, Collège de France, April 23-24, 2012.

2011

- Structures (ontologiques) en mouvement: une approche catégorique à la méta-ontologie [Ontological Structures in Movement: The Application of Category Theory to Meta-Ontology], « PHENOMAT » - Phenomenology of mathematical formalism, Center Laurent-Schwartz for Mathematics, Ecole Polytechnique – Archives Husserl, Ecole Normale Supérieure de Paris - Gravelines, August 29-31, 2011.
- Le monde de la vie et la modélisation épistémologique comme modélisation ontologico-régionale, [The Life-World and the epistemological Modeling of regional Ontologies] Paris, Ecole Normale Supérieure, March 25, 2011.
- Horisontalität, Passivität und Lebenswelt, [Horizontality, Passivity and the Life-World in Phenomenology], Humboldt Kolloquium, Freiburg University, March 14, 2011.

2010

- Concepts purs-concepts appliqués: l'ontologie régionale et la *Mathesis* [Pure and Applied Concepts: Regional Ontology and Mathesis], « PHENOMAT », University of Nice Sophia-Antipolis, December 10, 2010.
- Towards a Logical and Phenomenological Approach to Complexity. Meta-Ontology and System Theory, World Complexity Science Academy's First Conference, Bologna, December 4, 2010.
- La conoscenza disseminata. Lo spazio delle teorie e la fenomenologia della costituzione metateorica [The Scattered Knowledge: The Phenomenological Space of Theories and Phenomenology of Metatheoretical Constitution], at the Conference *Psyche/Paideia*, Fabriano, December 2, 2010.
- L'irenismo di Leibniz tra linguaggio universale e relatività dei riti [Matteo Ricci and Rites Controversy: Leibniz's Irenism between Universal Language and the Rites' Relativity], University of Macerata, November 18, 2010.
- Feld und Horizont in Phänomenologie [Field and Horizon in Phenomenology], Humboldt Colloquium, Freiburg University, June 13, 2010.
- Questions de co-intentionnalité. Expérience et structure d'horizon [Questions about Co-Intentionality: Experience and the Structure of Horizon], Liège University, April 27, 2010.

2009

- Lectio magistralis, "The Vision of Knowledge" at the international Congress, "The Light and the Shadow," Senigallia, EU Commission, Italy, October 25-30, 2009.

- La quasi-ontologie de l'An sich dans la Wissenschaftslehre de Bernard Bolzano [The Quasi-Ontology of 'An Sich' in Bolzano's Doctrine of Science], ENS-Archives Husserl de Paris, April 13-15, 2009.

2008

- Le rôle de la «représentation vide» dans la genèse du concept phénoménologique d'horizon [The 'Empty Representation' and the Genesis of Husserl's Concept of Horizon], ENS- Archives Husserl de Paris, April 14, 2008.

2007

- Discussant at the Congress: «Mandelbrot e la geometria frattale quantant'anni dopo», [Mandelbrot at Fractal Geometry 40 years Later], University of Messina, April 21-23, 2007.

2006

- Les deux faces du λογος chez Husserl: du couple expression/signification au couple signification/syntaxe. Modifications et niveaux méta-syntaxiques. (A propos des Leçons du 1902/1903 sur la Logique) [Husserl's Two Faces of the λογος: From the Coupled Expression/Meaning to the Coupled Meaning/Syntax (On Lectures of Logic 1902/3)], ENS- Archives Husserl de Paris, November 17, 2006.
- La doctrine kantienne du schématisme est-elle une logique de l'imagination ? » [Is Kant's Theory of Schematism a Logic of Imagination?] Lecture for the Workshop «Y a t-il une logique de l'imagination ? » at University of Paris IV, «La Sorbonne», December 15, 2006.
- Invited to the I Cycle of Scuola di Alta Formazione Filosofica [High School for Philosophical Education] Turin (11/17 November 2006). Visiting Professor: Jean-Luc Marion, University of Paris, La Sorbonne, Paris IV, and the University of Chicago.
- L'analogia in Kant [Kant's Analogy]. Invited talk from the University of Genova, April 25, 2006.

2005

- Darstellung e immaginazione in Kant. Problemi storici e speculativi" [Kant's Concept of Darstellung and Imagination: Historical and Theoretical Problems] XV Convegno Nazionale dei Dottorati in Filosofia, Istituto Banfi, Reggio Emilia, Italy, December 13-16, 2004.

PUBLICATIONS

BOOKS

1. Philosophie und Frage, Alber-Verlag, Freiburg i.B. - München, 2016.
Vol. I. Über Metaphilosophie
Vol. II. Untersuchungen über die Formen der Mathesis.
[French extended Edition forthcoming by Hermann Publisher, Paris, 2019 (vol. I) – 2020 (vol. II)].
2. La complexité et les phénomènes. Nouvelles ouvertures entre science et philosophie, Paris, Hermann (coll. Vision des sciences), Mars 2012, 580 pp. (Préface of Jocelyn Benoist).
3. *Theória*. Il soggetto kantiano e la complessità del suo esperire, Macerata, EUM, 2010.
4. L'ouverture de la vision. Kant et la « phénoménologie implicite » de la *Darstellung*, Hildesheim-Zurich-New York, Olms Verlag, 2009 (468 p.).
5. Adamo sulla sponda del Rubicone. Analogia e dimensione speculativa in Kant, Roma, Armando Editore, 2005 (400 p.).
Awarded from the « Fondazione Valitutti » : Best First Work 2006.
