CURRENT POSITION:

Substitute Professor – W-3 Professurvertreter (Faculty Member) Faculty of Philosophy Albert-Ludwigs-Universität Freiburg.

AREAS OF SPECIALISATION:

Theoretical Philosophy, Epistemology, Theory of Science, Complexity Theory, Sustainability, Ontology, Phenomenology.

AREAS OF COMPETENCE:

History of Philosophy and History of Ideas (Ancient, Modern and Contemporary Philosophy, History of *Mathesis universalis*).

History of Logic and History of Science (Philosophy of Nature, Modern Science, Foundational Crises of Sciences).

Transcendental Philosophy and German Idealism.

Ancient Philosophy and Culture

Aesthetics.

LANGUAGE SKILLS

Mother Tongue: Italian.

Advanced: German, English and French (as native).

Intermediate: Spanish and Portuguese.

Latin and Ancient Greek.

RESEARCH ACTIVITY

- Collaborator with the Edgar Morin's Chair for Complexity – ESSEC Management School, Paris.
- Philosophy Center of the Lisbon University : Research Member.
- Director (from September 2011 to Mai 2013) of the Research Group “Science et philosophie” at the Institut Catholique de Paris.
- Till 2012 associated Member of CREA and till 2014 of the Centre Cavallès Paris.
- Member of the Center “Edouard Branly” for Media and Communication (Paris).

ASSOCIATIONS

- Partnership (editing, articles and reviews) from 2009 to 2012 with www.giornaledifilosofia.it
 - Referee of *Studia Phaenomenologica*.
 - Referee of Husserl Studies
 - Editorial Board of *Aisthesis* (SCOPUS referenced international review)
 - Member of WCSA [World Complexity Science Academy].
 - Collaboration with “Istituto Matteo Ricci per le relazioni con l’Oriente” [Matteo Ricci Institute for Relations with the East].
-

EDUCATION, FELLOWSHIPS AND APPOINTMENTS

2017

Qualification as Full Professor from the Italian Ministry for Research and Education

Class 11/C1: Theoretical Philosophy.

2016/2017

Invited Senior Researcher at the Chair “Edgar Morin” for Complexity from November 2016 to August 2017

2016

Qualification as Full Professor from the French Ministry for Research and Education

Class 17 (CNU): Philosophy

Class 72 (CNU): Epistemology and history of sciences and techniques.

2015

Habilitation, Philosophisches Seminar, Albert-Ludwigs-Universität Freiburg i.B.

Habilitation Thesis: Die Formen der *Mathesis universalis*. Logische und phenomenologische Untersuchungen.

Lectio: Die Perspektive und die Räumlichkeit der Moderne. Die Italienische Malerei und die Öffnung einer neuen Form der Erfahrung

2012-2015

Habilitationskandidat and Lecturer at the Albert-Ludwigs-Universität Freiburg (Habilitation February 10, 2015).

Researcher at the Centre Cavailles – Ecole Normale Supérieure Paris (PSL – République des saviors)

2010-2012

Alexander von Humboldt Fellow, Albert-Ludwigs-Universität Freiburg i.B. (Husserl-Archiv)

2006-2009

Post-Doctoral Research at the University of Paris, La Sorbonne (Paris IV), and Archives Husserl de Paris (Ecole Normale Supérieure, CNRS, UMR 8547)

Research topic : *The Concept of Horizon and Sensory Field*
Supervisors: Prof. J.-F. Courtine and Prof. J. Benoist.

2002-2006

Ph. D. in History of Philosophy, University of Macerata (March, 24, 2006) and University of Paris IV.

Title of Thesis: “*La ‘schematische Darstellung’ in Kant. Dalla teoria dello schema al linguaggio*”
(*Kant’s ‘Schematic Presentation’: From Schema-Theory to Language*)

2001-2002

Research Fellow at the Italian Institute for Historical Studies “B. Croce”, Naples

Research Topic: *The Theory of space-time by Kant*

2001

B.A in Philosophy, obtained at the University of Rome, La Sapienza with the grade of 110/110, *cum laude*.

Thesis title: *Facoltà di giudizio e analogia. Il problema della terza critica kantiana* (Capacity of Judgment and Analogy: The Problem of the Third Kantian Critique).

1996

Diploma in Classical Studies (‘Maturità Classica’) at the Classical High School ‘F. Stelluti’ of Fabriano.

RESEARCH STAYS “ABROAD”

- Freiburg i. B. (Juli-August 2001).
- Berlin, Humboldt-Universität - Prof. Dr. Rolf-Peter Horstmann (Mai 2004-Juli 2004).
- Cambridge University (Juli-August 2005).
- Paris, Université de Paris IV “Sorbonne” (EA 3552. *Métaphysique: histoire, transformations, actualité*) und Ecole Normale Supérieure (2002-2009).
- Université Aix-Marseille, IMERA (Academic Year 2015-2016).
- University of Florence (September-October 2016).
- Paris, Chair „Edgar Morin“ für die Komplexität, ESSEC – International Business School November 2016/ August 2017.
- University of Mailand (September-October 2017).

GRANTS AND FELLOWSHIPS

2017 (SEPTEMBER – OCTOBER)

Research Fellowship – Catholic University of Mailand

Research Topic: From Aesthetic to Symbolic Structures and back: the virtuous circle between Art and Science.

SS 2017

Teaching Fellowship – University College of Freiburg (Faszination Wissenschaft)

2016 (SEPTEMBER – OCTOBER)

Research Fellowship – University of Florence

Research Topic: Aesthetic Experience - Cognitive and Phenomenological Approaches.

2015/2016

Senior Research Fellowship – IMERA (Institute for Advanced Study Aix-Marseille.
Mediterranean Exploratory of Interdisciplinarity) – Centre Gilles-Gaston Granger

Research Topic: Ontology, Meta-ontology and (logical) construction of the world. A new structuralist approach to the idea of “Theory”.

WS 2015/2016

Teaching Fellowship – University College of Freiburg (Liberal Art and Sciences)

SS 2015

Teaching Fellowship – University College of Freiburg (Faszination Wissenschaft)

SS 2013

DFG-Visiting Fellowship at the Albert-Ludwig-Universität Freiburg, Graduiertenkolleg 1288.

Research Topic: Phenomenology of Friendship between Husserl and Derrida.

2010-2012

Alexander von Humboldt Foundation Fellowship.

Research Topic: The phenomenological Concept of Horizon.

2006-2007

Post-doc Fellowship from the University of Rome, La Sapienza – University of Paris IV

Research Topic: Husserl's Concept of Horizon and Subjectivity Theory.

2002-2005

Ph.D Fellowship from the University of Macerata (Italy)

2001-2002

Graduate Fellowship from the Istituto Italiano di Studi Storici "B. Croce"

HONORS

International Prize "Fondazione Valitutti", Salerno, Italy, for the Best First Work, 2006.

TEACHING ACTIVITIES

Detailed presentations below :

https://www.academia.edu/10859660/Teaching_Activities

Vorlesung = Plenary Lecture; Hauptseminar (HS) = PhD & M.A. Course; Interpretationskurs = M.A. & B.A Course.

- I. Vorlesung (mit Übung) in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2020: Das Problem der Metaphysik.
- II. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2020: Theorienstrukturen und Theoriendynamik: Kühn – Foucault – Stegmüller.
- III. Hauptseminar in Theoretical Philosophy – Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Sommersemester 2020: Heideggers Kant und das Problem der Metaphysik.

- IV. Proseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2020: Der Grund (Leibniz – Kant – Hegel – Heidegger).
- V. Forschungskolloquium, Albert-Ludwigs-Universität Freiburg, Sommersemester 2018/19: Erkenntnis- und Wissenschaftstheorie (an der Schwelle zwischen Traditionen).
- VI. Vorlesung (mit Übung) in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Wintersemester 2019/20: Erkenntnistheorie und Ontologie (Platons metaphysische Dialoge aus der gegenwärtigen Perspektive).
- VII. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Wintersemester 2019/20: Philosophische Aspekte der Quantenmechanik.
- VIII. Hauptseminar in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Wintersemester 2019/20: Phänomenologische Erkenntnistheorie
- IX. Proseminar in Theoretical Philosophy – Theory of Science, Albert-Ludwigs-Universität Freiburg, Wintersemester 2019/20: Kants Kritik der Urteilskraft.
- X. Forschungskolloquium, Albert-Ludwigs-Universität Freiburg, Wintersemester 2019/20: Gegenstandstheorie.
- XI. Vorlesung (mit Übung) in der Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2019: *Physis* [Natur]: Komplexität und Nachhaltigkeit.
- XII. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2019: Meta-: Formen des Hinausgehens in der gegenwärtigen Philosophie (Ontologie und Wissenschaftstheorie).
- XIII. Hauptseminar in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Sommersemester 2019: Die Dynamik des *Logos*: Formen genetischer Logik (bei Hegel und Husserl).
- XIV. Forschungskolloquium, Albert-Ludwigs-Universität Freiburg, Wintersemester 2018/19: Welt und Phänomene.
- XV. Vorlesung in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Wintersemester 2018/19: *Theôria*. Der Mensch und sein Wissen.
- XVI. Vorlesung (mit Übung), Albert-Ludwigs-Universität Freiburg, Wintersemester 2018/19: Formale Logik.

- XVII. Hauptseminar in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Wintersemester 2018/19: Cartesianische Meditationen.
- XXVIII. Interpretationskurs in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, 1 Jahr (2018/19): Immanuel Kants Kritik der reinen Vernunft.
- XIX. Forschungskolloquium, Albert-Ludwigs-Universität Freiburg, Wintersemester 2018/19.
- XX. Vorlesung (mit Übung) in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2018: *Mathesis universalis*. Die Suche nach dem universalen Wissen und das spekulative Denken.
- XXI. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2018: Die Wissenschaft und die Phänomene.
- XXII. Hauptseminar in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Sommersemester 2018: Erkenntnistheorie.
- XXIII. Vorlesung (mit Übung) in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Wintersemester 2017/18: Einführung in die Theoretische Philosophie: Kultur und *Epistémé*.
- XXIV. Interpretationskurs in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, 1 Jahr (2017/18): Immanuel Kants Kritik der reinen Vernunft.
- XXV. Hauptseminar in Modern and Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Wintersemester 2017/18: Deskriptive und spekulative Phänomenologie.
- XXVI. Hauptseminar in Modern and Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Wintersemester 2017/18: Cassirers Philosophie der symbolischen Formen.
- XXVII. Vorlesung in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2017: Einführung in die theoretische Philosophie I (Von Descartes bis Quine).
- XXVIII. University College of Freiburg (Modul: Faszination Wissenschaft), Albert-Ludwigs-Universität Freiburg, Sommersemester 2017: Komplexitätstheorie.
- XXIX. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2016/17: Sein und Wirklichkeit (Metaontologie und Metametaphysik).
- XXX. Vorlesung in der Theoretical Philosophy, Albert-Ludwigs-Universität Freiburg, Wintersemester 2016/17: Einführung in die theoretische Philosophie I (Vorsokratiker bis Descartes).

- XXXI. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Wintersemester 2016/17: Husserl und die Grundlagenkrise.
- XXXII. Hauptseminar in History of Science – History of Ideas, Universität Koblenz-Landau, Wintersemester 2016/17: Paradigmen des Wissens und Gesellschaft.
- XXXIII. Interpretationskurs in Theoretical Philosophy – Modern Philosophy, Albert-Ludwigs-Universität Freiburg, 1 Jahr: Descartes' *Meditationes de prima philosophia*.
- XXXIV. Vorlesung in Theoretical Philosophy – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2016: Einführung in der theoretischen Philosophie (Wissenschaftstheoretischer Strukturalismus).
- XXXV. Hauptseminar in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Sommersemester 2016: G.W. Leibniz. Leben und Lehre.
- XXXVI. Forschungskolloquium Theoretical Philosophy – Epistemology – Theory of Science: Die Dimension des Wissens.
- XXXVII. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science (for PhD Students), Universität Aix-Marseille (CEPERC), Wintersemester 2015/16: De la théorie à la métathéorie.
- XXXVIII. Workshops with Fellows and Students (one for invited talk) for the Conferences Series „Structures, Models, World“, University Aix-Marseille (Center Gilles Gaston Granger) Academic Year 2015/16.
- XXXIX. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Wintersemester 2015/2016: Sein, Struktur und Phänomene. Elemente eines phänomenologisch-ontologischen Strukturalismus.
- XL. Lecture (University College of Freiburg – Liberal Arts and Sciences) - Albert-Ludwigs-Universität Freiburg: Space and spatiality in Modern Age. An interdisciplinary approach.
- XLI. Vorlesung Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2015: Entstehung, Struktur und Dynamik der Theorien.
- XLII. Kurs am University College of Freiburg – (Modul: Faszination Wissenschaft), Albert-Ludwigs-Universität Freiburg, Sommersemester 2015: Nachhaltigkeit.
- XLIII. Interpretationskurs in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Sommersemester 2015: Husserls Logische Untersuchungen V-VI (mit Tutorat).
- XLIV. Hauptseminar in Theoretical Philosophy – Modern and Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Sommersemester 2015: Phänomenologie und Ontologie.

- XLV. Interpretationskurs in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Wintersemester 2014/15: Logische Untersuchungen I-VI (mit Tutorat).
- XLVI. Hauptseminar in Theoretical Philosophy – Modern and Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Wintersemester 2014/15: Phänomenologie als erste Philosophie.
- XLVII. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2014: Phänomenologie der Mathematik.
- XLVIII. Proseminar in Theoretical Philosophy – Modern and Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Sommersemester 2014: Die Idee der Phänomenologie als strenge Wissenschaft.
- XLIX. Hauptseminar Theoretical Philosophy – Modern and Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Wintersemester 2013/14: Leibniz und Husserl.
- L. Hauptseminar Theoretical Philosophy – Modern and Contemporary Philosophy Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2013: Phänomenologie des Fragens.
- LI. Proseminar Theoretical Philosophy – Modern and Contemporary Philosophy – Theory of Science, Albert-Ludwigs-Universität Freiburg, Sommersemester 2012: Die Phänomenologie und die Wissenschaften.
- LII. Cours en Philosophie des sciences – Theory of Science, M2, ICP, Paris, 2013: Vérité et vérification en épistémologie. (Truth and truthmaking in theory of science).
- LIII. Hauptseminar Theoretical Philosophy – Modern and Contemporary Philosophy, Albert-Ludwigs-Universität Freiburg, Wintersemester 2012: Neue Phänomenologie in Frankreich. Probleme einer nicht-transzendentalen Phänomenologie.
- LIV. Proseminar in Theoretical Philosophy – Epistemology, Albert-Ludwigs-Universität Freiburg, Wintersemester 2012: Die VI. Logische Untersuchung und die Idee einer transzendentalen Erkenntnistheorie.
- LV. Hauptseminar in Theoretical Philosophy – Epistemology – Theory of Science, Albert-Ludwigs-Universität, Sommersemester 2012: Die Lebenswelt und die Wissenschaften. Genetische Analyse und Wissenschaftstheorie.
- LVI. Cours en Philosophie des sciences – Theory of Science, M2, ICP, Paris, Winter 2011: Les enjeux théoriques et philosophiques de la mécanique quantique : Werner Heisenberg.

- LVII. Hauptseminar in Theoretical Philosophy – Theory of Science, Albert-Ludwigs-Universität, Sommersemester 2011: Komplexitätstheorie und *Mathesis universalis*. Theoretische und erkenntnistheoretische Betrachtungen.
- LVIII. Hauptseminar in Theoretical Philosophy, Albert-Ludwigs-Universität Freiburg, Wintersemester, 2011: Metaontologie vom phänomenologischen Standpunkt.
- LIX. Hauptseminar in Theoretical Philosophy, Albert-Ludwigs-Universität, Wintersemester 2010: Husserls Phänomenologie des Horizontes.
- LX. Cours d’initiation à l’histoire des idées, History of Science – History of Ideas, Université de Versailles – St. Quentin, Semestre d’hiver 2009: La Renaissance et la révolution scientifique (module I).
- LXI. Cours d’initiation à l’histoire des idées, History of Science – History of Ideas, Université de Versailles – St. Quentin, Semestre d’hiver 2009: La Renaissance et la révolution scientifique (module II).

CONFERENCES - INVITED TALKS*

2020

- i. Metaontology from a phenomenological point of view. Between ontological relativity and historicity of knowledge, at the Conference “Heidegger and the Challenges of Naturalism: World, Facticity and Metaontology”, University Diego Portales, Santiago du Chili, June, 8 2020 [*]

2019

- ii. Theorien, Graphen, Strukturen. Für eine Methodologie der Philosophie im Zeitalter der Transdisziplinarität, at the Conference “Anspruch und Methode der Philosophie”, University of Cologne, a.r.t.e.s., December 8, 2019 [*].
- iii. La complexité ou « de l’image kaléidoscopique du savoir », Paris, ENS, November 14, 2019 [*].
- iv. Complexity and Economics. The need for a new frame of thinking, ESSEC, Paris – Cemsa, January 17 2019 [*].

* The talks marked with [*] are invited talks or conference given as main speaker.

2018

- v. L'idée d'une logique speculative chez Hegel, University of Strasbourg, December 11/12 2018 [*].
- vi. *Mathesis universalis* heute, at the Conference "Husserl Heute", Albert-Ludwigs-Universität Freiburg, July 19-21 2018 [*].
- vii. Die Idee einer spekulativen Phänomenologie, Albert-Ludwigs-Universität Freiburg, 12 July 2018.
- viii. Nature, Linearity and Chaos. The Problem of Knowledge and the Idea of Nature in Contemporary Science, Rome, Pontificia Universitas Lateranensis, IRAF (International Research Area on Foundation of the Sciences), March, 7 2018 [*].
- ix. Teleology and Self-organization : the Critique of Judgment and the Ontological Residue of Knowledge, University of Salerno, March 6 2018 [*].

2017

ORGANISATION of the International Conference "*Mathesis*, Grund, Vernunft. Zur philosophischen und geistigen Identität Europas", Albert-Ludwigs-Universität Freiburg, Freiburg, November 8-11, 2017.

- x. Die mannigfache Bedeutung der Krise: von der *Mathesis universalis* zur Wissenschaft des Grundes, at the International Conference „Mathesis, Grund, Vernunft., Albert-Ludwigs-Universität Freiburg, November 8-11, 2017.
- xi. From Aesthetic to Symbolic Structures and back: the virtuous circle between Art and Science, at the Conference „The Aesthetic Mind: Perceptual Dynamics, Mimetic Practices, Human Theatricality“, University of Florence, October 26-28, 2017.
- xii. Horizont und Mannigfaltigkeit. Zum Problem einer spekulativen Wissenschaftstheorie und *Mathesis*, at the Conference „Phänomenologie und Metaphysik (zu Ehren László Tengelyis)“, Bergische Universität Wuppertal, Oktober 9-11, 2017.
- xiii. Sulla metafilosofia. Dalla domanda alla dimensione speculativa, at the Conference „META-FILOSOFIA. Pensare la filosofia tra attività e disciplina“, Padua University, September 20-22, 2017.
- xiv. Forms und Perspectives der *Mathesis universalis*, invited talk at the Conference "Computer Science, Mathematics and Philosophy : Proof Theory as Mathesis universalis", Humboldt Kolleg, Villa Vigoni (Como), Italy, 24-28 July 2017.

- xv. Participation to the 20th International Summer School in Philosophy of Physics : Spacetime and Quantum Physics, Urbino, 10-13 July 2017.
- xvi. Penser la complexité et la pluridisciplinarité. Interrogation sur un changement de paradigme, invited speaker for the “Journée de clôture de la Chaire de la Complexité”, ESSEC, Paris, 13 June 2017.
- xvii. Situationality and Complexity of Life. Phenomenological and Epistemological Approaches to Sustainability, at the final international Conference « Phenomenology and Ecology » of the Project « Life and Environment », Schloss Liblice, Prag, June 19-24, 2017.
- xviii. Complexity : philosophical and epistemological approaches, Université de Franche-Comté, Laboratoire « Logiques de l’agir », March 15, 2017.
- xix. Structuralist Epistemology vs. metaphysical Epistemology, Universitas Lateranensis, Rome, March 6, 2017.

2016

ORGANISATION of the Conference “The Vision of Making”, Fabriano (supported by and co-organized with the Academia dei Lincei – Lincean Academy, Rome), October 14-15, 2016.

- a. 14/10: Francesco Stelluti e i Lincei. The Birth of Modern Science.
- b. 15/10: Changes in Science: Between two Paradigms.

ORGANISATION of the Conference Series “STRUCTURES, MODELS AND WORLD”, Aix-Marseille University – Centre Gilles Gaston-Granger, from December 2015 to June 2016:

Chair and organization: Fausto Fraisopi.

Speakers: F. Berto (Amsterdam, Philosophy); M. Esfeld (Lausanne, Philosophy of science); J. Benoist (Paris I, Philosophy); A. Barrau (Grenoble, Physics); M. Bitbol (CNRS, Physics and Philosophy); M. Gabriel (Bonn, Philosophy); C. Rovelli (Marseille, Physics); J.-L. Le Moigne (Aix, System Theory); G. Longo (CNRS, Mathematics – Biology); D. Lea (California, Climate Science), G. Crocco (Aix-Marseille).

- xx. Les horizons de la pensée complexe: le défi épistémologique et la pensée spéculative, at the World Congress for Complex Thought, Paris, UNESCO, December 8-11, 2016.
- xxi. I-horizon. Horizontality of life as possible foundation of Human Rights?, Charles University of Prague, November 1-6, 2016.

- xxii. For a Phenomenology of Aesthetic Emotions. Horizon, Life-world and Cognitive Agency, at the International Conference, « Aesthetics of Emotions. Aesthetics and Cognitive Science », Milan, October 26-29, 2016.
- xxiii. Die Aufgabe des spekulativen Denkens als *Mathesis universalis*. Metaontologie und Metametaphysik [The Task of Speculative Thought. Metaontology and Metametaphysics], Bonn, Internationales Zentrum für Philosophie NRW, April 4, 2015.
- xxiv. « Utiliser l'espace topologique comme modèle de l'être »: Du perspectivisme au multiversum [« Let's use Topological Space as Model of Being » : From Perspectivism to Multiversum], Paris, ENS, February 11, 2016.
- xxv. Au-delà de la notion ontologique d'ordre [Beyond the ontological notion of order], at the Conference Complexité-désordre, Henry Poincaré Institute, Paris, January 28-29, 2016.

2015

- xxvi. The space of theories, Aix-Marseille University, November 5, 2015.
- xxvii. Von Theorie zur Metatheorie. Die Suche nach der *proté épistémé* und das spekulative Denken [From Theory to Metatheory. The Quest of the *proté épistémé* and the speculative Thought], Toulouse – Five Lectures given at the Integration-Stage „Erasmus Mundus“ 2015 (in German), Toulouse, September 14-19, 2015:
 - Die Theôria und das Spekulative in der Antike.
 - Perspektive, Perspektivismus in der Neuzeit und vieldimensionalität der Erfahrung (Panofsky, Cassirer, Merleau-Ponty).
 - Die Schau der Theorien. Die Strukturalität und die Dynamik des Wissens bei Foucault und Stegmüller.
 - Metatheorie vom phänomenologisch-ontologischen Standpunkt.
 - Die „topoi“ des Wissens und das Spekulative.
- xxviii. Vieldimensionalität der Lebenswelt und Komplexität der Lebensformen, at the Conference “Lebenswelt und Lebensform”, Universität Koblenz-Landau, September 9-12, 2015.
- xxix. Die Perspektive und die Räumlichkeit der Moderne [Perspective and Spatiality in Modern Age], Albert-Ludwigs-Universität Freiburg, Philosophische Fakultät, Habilitationskolloquium, February 10, 2015.

2014

- xxx. L'intentionnalité naturalisée: le seuil métathéorique entre phénoménologie et sciences cognitives [Naturalized intentionality as meta-theoretical threshold between Phenomenology and Cognitive Sciences], at the Conference, La naturalisation de la Phénoménologie 20 ans après, Strasbourg University, April 22-23, 2014.

2013

- xxxi. Mysticism as boundaries of holism. The Aphasia of the Transcendental in the *Tractatus Logico-Philosophicus*, at the Conference “Radical Experiences. Faith and Reason in Nietzsche, Heidegger, and Wittgenstein”, Radboud University Nijmegen, November 27-28, 2013.
- xxxii. Surprise and emergence in Science. A phenomenological approach to epistemology of scientific experiments, at the Conference La surprise à la croisée de la phénoménologie, de la psychiatrie et de la pragmatique - Colloque pluridisciplinaire dans le cadre de l'ANR EMPHILINE-EMCO, Rouen University, March 21-22, 2013.
- xxxiii. Reality of theories and models. Towards an epistemic and meta-theoretical Realism, International Conference “The Phenomenology of Thinking”, Heidelberg University, February 28 - March 3, 2013.

2012

- xxxiv. Complessità e realismo [Complexity and Realism], Rome, Accademia Nazionale dei Lincei, November 19-20, 2012.
- xxxv. La simplicité ou “ce que les modèles n'arrivent pas à saisir” [Simplicity or “what models cannot fix up”], Paris, Collège de France, April 23-24, 2012.

2011

- xxxvi. Structures (ontologiques) en mouvement: une approche catégorique à la méta-ontologie [Ontological Structures in Movement: The Application of Category Theory to Meta-Ontology], « PHENOMAT » - Phenomenology of mathematical formalism, Center Laurent-Schwartz for Mathematics, Ecole Polytechnique – Archives Husserl, Ecole Normale Supérieure de Paris - Gravelines, August 29-31, 2011.

- xxxvii. Le monde de la vie et la modélisation épistémologique comme modélisation ontologico-régionale, [The Life-World and the epistemological Modeling of regional Ontologies] Paris, Ecole Normale Supérieure, March 25, 2011.
- xxxviii. Horisontalität, Passivität und Lebenswelt, [Horizontality, Passivity and the Life-World in Phenomenology], Humboldt Kolloquium, Freiburg University, March 14, 2011.

2010

- xxxix. Concepts purs-concepts appliqués: l'ontologie régionale et la *Mathesis* [Pure and Applied Concepts: Regional Ontology and Mathesis], « PHENOMAT », University of Nice Sophia-Antipolis, December 10, 2010.
- xl. Towards a Logical and Phenomenological Approach to Complexity. Meta-Ontology and System Theory, World Complexity Science Academy's First Conference, Bologna, December 4, 2010.
- xli. La conoscenza disseminata. Lo spazio delle teorie e la fenomenologia della costituzione metateorica [The Scattered Knowledge: The Phenomenological Space of Theories and Phenomenology of Metatheoretical Constitution], at the Conference *Psyche/Paideia*, Fabriano, December 2, 2010.
- xlii. L'irenismo di Leibniz tra linguaggio universale e relatività dei riti [Matteo Ricci and Rites Controversy: Leibniz's Irenism between Universal Language and the Rites' Relativity], University of Macerata, November 18, 2010.
- xliii. Feld und Horizont in Phänomenologie [Field and Horizon in Phenomenology], Humboldt Colloquium, Freiburg University, June 13, 2010.
- xliv. Questions de co-intentionnalité. Expérience et structure d'horizon [Questions about Co-Intentionality: Experience and the Structure of Horizon], Liège University, April 27, 2010.

2009

- xlv. Lectio magistralis, "The Vision of Knowledge" at the international Congress, "The Light and the Shadow," Senigallia, EU Commission, Italy, October 25-30, 2009.
- xlvi. La quasi-ontologie de l'An sich dans la Wissenschaftslehre de Bernard Bolzano [The Quasi-Ontology of 'An Sich' in Bolzano's Doctrine of Science], ENS-Archives Husserl de Paris, April 13-15, 2009.

2008

- xlvi. Le rôle de la « représentation vide » dans la genèse du concept phénoménologique d'horizon [The 'Empty Representation' and the Genesis of Husserl's Concept of Horizon], ENS, April 14, 2008.

2007

- xlvi. Discussant at the Congress: « Mandelbrot e la geometria frattale quant'anni dopo », [Mandelbrot at Fractal Geometry 40 Years Later], University of Messina, April 21-23, 2007.

2006

- xlix. Les deux faces du $\lambda\omicron\gamma\omicron\varsigma$ chez Husserl: du couple expression/signification au couple signification/syntaxe. Modifications et niveaux méta-syntaxiques. (A propos des Leçons du 1902/1903 sur la Logique) [Husserl's Two Faces of the $\lambda\omicron\gamma\omicron\varsigma$: From the Coupled Expression/Meaning to the Coupled Meaning/Syntax (On Lectures of Logic 1902/3)], ENS- Archives Husserl de Paris, November 17, 2006.

- i. La doctrine kantienne du schématisme est-elle une logique de l'imagination ? » [Is Kant's Theory of Schematism a Logic of Imagination?] Lecture for the Workshop « Y a-t-il une logique de l'imagination ? » at University of Paris IV, « La Sorbonne », December 15, 2006.
- ii. Invited to the I Cycle of Scuola di Alta Formazione Filosofica [High School for Philosophical Education] Turin (11/17 November 2006). Visiting Professor: Jean-Luc Marion, University of Paris, La Sorbonne, Paris IV, and the University of Chicago.
- iii. L'analogia in Kant [Kant's Analogy]. Invited talk from the University of Genova, April 25, 2006.

2005

- liii. Darstellung e immaginazione in Kant. Problemi storici e speculativi" [Kant's Concept of Darstellung and Imagination: Historical and Theoretical Problems] XV Convegno Nazionale dei Dottorati in Filosofia, Istituto Banfi, Reggio Emilia, Italy, December 13-16, 2004.

PUBLICATIONS

BOOKS

1. Philosophie und Frage, Alber-Verlag, Freiburg i.B. - München, 2016.
Vol. I. Über Metaphilosophie
Vol. II. Untersuchungen über die Formen der Mathesis.

[French extended Edition forthcoming by Hermann Publisher, Paris, 2020 (vol. I) – 2021 (vol. II)].
2. La complexité et les phénomènes. Nouvelles ouvertures entre science et philosophie, Paris, Hermann (coll. Vision des sciences), Mars 2012, 580 pp. (Préface of Jocelyn Benoist).
3. *Theôria*. Il soggetto kantiano e la complessità del suo esperire, Macerata, EUM, 2010.
4. L'ouverture de la vision. Kant et la « phénoménologie implicite » de la *Darstellung*, Hildesheim-Zurich-New York, Olms Verlag, 2009 (468 p.).
5. Adamo sulla sponda del Rubicone. Analogia e dimensione speculativa in Kant, Roma, Armando Editore, 2005 (400 p.).

*Awarded from the « Fondazione Valitutti » : Best First Work 2006.

AS EDITOR

1. F. Fraisopi (éd.), Radicalizing Phenomenology. In : Phänomenologische Forschungen – Ergänzungsband, Hamburg, Felix Meiner Verlag, 2020/2 (forthcoming).
2. F. Fraisopi (éd.), *Mathesis*, Grund, Vernunft. Die philosophische Identität Europas zwischen Deutschem Idealismus und Phänomenologie, Würzburg, Ergon/Nomos Verlag, 2019.
3. F. Fraisopi (ed.), ONTOLOGIE. Storia e prospettive della domanda sull'ente, Mailand, Mimesis, 2014.

TRANSLATIONS

1. G. W. Leibniz, Scritti sulla Cina. Quodlibet, Macerata, 2014 [Letters to and from Jesuits in China, *Discours sur la théologie naturelle des Chinois*, Letters about binary calculus].
2. J. Patocka, Europa e post-Europa, Gangemi, Roma 2018 [Europa und Nach-Europa].

3. G. Vattimo, The future of Hermeneutics (Italian-English). In H.-H. Gander – J. Malpas (Ed.), Routledge Companion to Hermeneutics, Routledge, 2014, S. 723-728.
4. J. Benoist, Pourquoi il n'y a pas d'ontologie formelle chez Bolzano, in F. Fraisopi (ed.), ONTOLOGIE, Storia e prospettive della domanda sull'ente, Milano, Mimesis, 2014, 119-136.
